Dear Readers,

Welcome to the August /September issue of the Barton Miller. As you see, this copy covers two months, because the Production Team don't work at the end of August! This is school holiday time, and even for those who are not going away, there is plenty to do locally. You will find information in the following pages about happenings at Mildenhall Museum, and our playing field is well used, often with special children's sporting events.

We are fortunate in having the playing field in the centre of the village, with play equipment for children of all ages, and plenty of space for football and other games, and we thank the Barton Mills Parish Council for keeping all this in good order.

The Gardening Club's Annual Horticultural Show takes place in the Village Hall on Saturday, 30th August. There are lots of categories for a variety of entries – everyone can take part, not just Club Members. Please see page 17 for more information.

Enjoy the holidays! Copy for the October Barton Miller by 20th September, please.

Best wishes from the Editors, Frances Lewis and Nancy Higgins.

Article for August and September – Barton Miller

On Friday 15th August I will be particularly thinking of my Uncle Wally and those like him.

My Uncle Wally only had his thumb and little finger on his left hand. His other fingers had been cut off about halfway down. When I got old enough to ask why, he showed me a copy of Eagle magazine (if memory serves) in storage which told his story and therefore told me why, without him having to go into detail. He had been serving in the Burma Campaign when he had met a Japanese officer, who got out his sword and sliced his fingers off in the fight.

This wound didn't hold him back, he continued to serve in the war, and after the war he raised a family and had jobs. He was good at making things and was a great mechanic. He even welded a seat in one of my early rather ropy cars. He didn't mention the war, it was just my childish questions about his hand that prompted his answer.

As we have been on the countdown to the 80th anniversary of VJ Day, it will come as no surprise that memories of Uncle Wally, his hand, and that comic strip have come back to mind.

His hand was a very visible and constant reminder for him, and for us who knew his story, of the horrors and service that was the reality of life for those who served in the war against Japan. But only he knew the other, personal memories of comrades lost, of horrors experienced, and of the fighting that only ended when Japan surrendered.

It's so easy for us to think that the war finished in May and so forget Uncle Wally and the others like him for who served in the campaigns against Japan.

That's why in Barton Mills on **Friday 15th August** we will be gathering at **St. Mary's Church in the morning at 9:00** and in the evening at the **Peace Garden, by the Village Hall at 18:00** to spend a short while remembering, commemorating and giving thanks for those like Uncle Wally for their willingness to fight against evil and continue fighting until it was defeated. **Do join us.**

It is our great pleasure to announce that we now have a committee for the Friends.

There may well still be roles for another couple of people if anyone would like to join us, but we will in any case, call on the help of interested supporters in running some of the activities we undertake.

There will be a letter sent out in the near future. We hope to contact supporters by their chosen method and branch out into the digital world if that is your preference!

We will continue to run the Autumn Quiz (see Advert) and also the Raffle at the Autumn Fair held in church.

It is free to join as a supporter so please contact:

BARTON MILLS BAPTIST CHURCH

Sadly, **patience is still not one of my qualities** and I am sure, like many of you reading this article, it is **severely tested** on a Friday afternoon when there is so much traffic and we are forced to travel via the Golf Club to try and visit Mildenhall. When things go wrong we often fall apart, we are human beings whose **“patience span” is limited, sometimes even non-existent.** Tempers easily fray as **we wait in “queues”** (often regarded as Britain’s favourite pastime) at the supermarket checkouts, in traffic jams and at the railway stations and airports. One measure of our spiritual maturity is **the way we act on these occasions.**

The business of **waiting is difficult.** Christians sometimes display this trait in their **attitudes toward God** in His dealing with them – especially when **His answers to our prayers** seem odd and restricting. In **Psalm 27 v 4** we are told to **“Wait on the Lord, be of good courage...wait I say on the Lord.”** The word ‘wait’ in this instance, I believe, means to trust or hope. He is an **all-knowing, all-powerful Heavenly Father** so we can confidently expect that in His own good time He will lead us through. It’s not always easy to be patient, but **God can be trusted.** Wait patiently for Him! In all our delays, brief or long, may we gain patience, perspective and peace as we trust in the Lord.

**PATIENCE MEANS AWAITING GOD’S TIME WITHOUT DOUBTING
GOD’S LOVE**

We warmly invite you to the Baptist Chapel in The Street at 3 p.m. every Sunday afternoon, and also we are willing to discuss spiritual questions or pray with you, 01638-713892, or E-Mail sweetarrpeace@yahoo.co.uk.

Good Neighbour Scheme - AUG/SEPT 2025

Many times my colleagues and I, both in the Barton Mills Good Neighbour Scheme and those across the 40+ schemes in Suffolk, have heard people from villages and towns not yet served by such schemes say that they would love to have Good Neighbour Schemes where they live.

We in the villages and towns that have embraced the initiative over the past two decades (Barton Mills over the past eight years) have recruited dedicated groups of volunteers who are keen to offer their time, enthusiasm, skills and friendship to their community neighbours. We hear all too often that our neighbours don't like to trouble anybody when it comes to tackling those little jobs that, as many of us reach our mature years, become increasingly tricky to undertake. Why not contact your Good Neighbour Scheme and see if we can help you to carry out those tasks.

It is of course possible to arrange for the supermarkets and other on-line retail organisations to deliver goods to your door but for those preferring to access local shops for at least some of their household or food provisions, perhaps we can help. Equally loneliness can be a challenge for many people of mature years if they are living on their own and find it difficult to get out and make friends. Our volunteers have, over the eight years that we have been operating, helped quite a number of villagers through the company that befriending offers. And befriending is enjoyable to both those asking for such support and to the volunteers also.

Our services, which are free of any charge, are designed to support villagers across the entire Parish of Barton Mills. This includes all residential properties along Station Road, those on either side of Worlington Road and those along Tuddenham Road. See our advert in this Barton Miller that sets out what our range of services can offer. Please remember that you can contact us on **07419 211040** to see if we can help you with your needs.

Barton Mills Ladies Club

July Meeting. Our Speaker this afternoon was Sarah Doig, who had come to talk to us about the A to Z of Curious Suffolk. Sarah was born in Mildenhall and later moved to Bury St Edmunds. Her work for the Foreign Office took her abroad for many years but she regards herself as a Suffolk girl.

She has found stories and anecdotes about the county for every letter of the alphabet even the more obscure like Q Y X and Z. She began with B for Bang. The author Daniel Defoe travelled quite a lot around the country and liked to write about his experiences. Of Woodbridge he wrote, that they made the best butter but the cheese was inedible, really awful. It was issued by the Navy to the sailors because it kept better and lasted longer than other cheeses - it was called bang or thump. In the 1750's the Admiralty stopped giving it to their sailors.

Under T for Traditions, she told us about 'Dwile Flonking'. The rules are a little obscure but it seems lots of ale is involved. There are two teams, who must be dressed as yokels. One of the opposing team has a dwell which is a beer soaked cloth or mop head attached to a pole. The other team forms a circle around him. He dips the dwell in the ale and tosses or flonks it at the opposing team who are dancing around him and points are scored according to which part of the body is hit. It sounds very confusing but there are some wonderful words involved - 'girting', 'jobanowl', 'snurds'. The prize for the winners is a ceremonial gazunder!

There were more things that she talked to us about, it was really interesting. and informative but time ran out. She brought some of her books, one of which 'The A-Z of Curious Suffolk' several ladies bought copies.

Our next meeting is on 12th August at 2 p.m. in the village hall, when Kevin Boardman will tell us about The Important Room - The Kitchen

For September our Speaker will be Peta Wilson who is behind Bury St Biscuits. Elaborately designed and iced biscuits for special occasions. She will be with us on Tuesday, 9th September at 2 p.m. in the Village Hall.

SUFFOLK CHURCHES TRUST RIDE AND STRIDE

This will take place on Saturday 13th September 2025. Participants ride or stride (walk or run!) around local churches, calling in to as many as they can, and then collect sponsorship money for their efforts.

The money raised will be divided between the Suffolk Historic Churches Trust and the church that you have chosen to support.

If anyone is interested in taking part, to help church funds, please contact our Barton Mills church representative who is Sandra Woollard on 01638 510781, for more information.

(Classic Cars are welcomed to drive at this event too).

BARTON MILLS VILLAGE HALL

Our Village Hall has recently been redecorated and a new Public Address system has just been installed. There are audio panels on the ceiling which absorb sound so that there is much less echo from any noise, and the new PA system has microphones which can be attached to a person who is speaking, be fixed to a stand, or hand held and passed around. The loud-speakers for this are fixed to the ceiling, and ensure that if the microphones are being correctly used, voices can be easily heard anywhere in the hall.

The hall is kept clean and fresh by our caretaker, Mrs Sue Norton. Sue also keeps the diary and takes bookings for the hall, so, if you are looking for a venue for a meeting, or a party, or any sort of special occasion, please contact her on 01638717040.

NATURE NOTES

August/September

As I write this piece it is actually raining! At long last we have had some much needed rain but much more will be needed to replenish our local reservoirs which are currently at about 80% capacity. Most parts of the country have experienced drier weather than usual. Birds that probe into the soil to find insect food such as Rooks, Starlings, Thrushes and Woodcock will have struggled to obtain food. Most bird species however have benefitted from the warm weather which has provided abundant insect food during the nesting season.

We have had an amazing variety of butterflies visiting the flowering plants in our garden. We recorded the following species: Painted Lady, Red Admiral, Small Tortoiseshell, Peacock, Large White, Small White, Brimstone, Comma, Small Skipper, Meadow Brown, Common Blue and Small Copper. Many of our garden cultivars are good nectar sources, especially *Verbena bonariensis*, *Cephalaria alpina* and *Knautia macedonica*, the last two of which have Scabious type flowers of pale lemon and deep maroon respectively. Nectar sources are not the whole story for butterflies of course; they need native plants upon which to lay their eggs. One example is the Brimstone whose caterpillars feed only on Alder buckthorn and Buckthorn. Without their food plants they cannot reproduce.

You may still hear crickets and grasshoppers in a patch of grassland. Crickets make their distinctive chirping sound by rubbing their wings together whereas grasshoppers make theirs by rubbing their back legs against their wings. I'm no expert but to differentiate between the two species one needs to look at the antennae – grasshoppers have short, stubby ones whereas crickets have long, thin, elegantly curved antennae.

If you walk alongside the River Lark you may notice that all the male Mallard ducks have disappeared; or have they? In fact, wildfowl undergo a complete moult of their plumage after breeding. As they moult all the flight feathers at once, they are flightless for a couple of

weeks so generally stay on water during this time. The males moult into a drab, brown female-type plumage until their iridescent, bright green head feathers emerge. By winter they will be resplendent in their new plumage.

By August the Cuckoos and Nightingales will have departed for Africa, closely followed by Swifts. House martins and Swallows generally remain with us until September or even early October if conditions are favourable. Many wading birds that breed in the far north will be returning now. If you visit the coast these birds can often be seen in large groups and sometimes still in their summer breeding plumage. Two species which stand out are Black-tailed godwits and Golden plovers. Coastal nature reserves or river estuaries are the best places to find them.

Hedgehogs will still be active until the cold weather arrives; if you are fortunate enough to get them in your garden please continue to provide drinking water for them during dry spells.

As autumn approaches the leaves on some of our trees and shrubs will start to change colour. I always look forward to seeing the bright yellow, orange and even crimson leaves as they shut down for the winter. Our native trees and shrubs also provide a bounty of berries upon which many birds and mammals feed. Harvest mice become less active in winter but will build fat reserves by eating blackberries and the like. If you watched the tennis at Wimbledon you will be pleased to know that Harvest mice can be encouraged to use tennis balls with a hole cut in the side which provide a secure nesting site!

Ken Venus.

CLUB NEWS

KNIT and NATTER GROUP

The Knit and Natter Group continues to meet in the church room every Wednesday afternoon between 2pm and 4pm. It is a very friendly group with a range of knitting styles or no knitting at all - just nattering! As well as being very sociable the Group raises funds for charities, especially St Nicholas Hospice and Meseret, supporting babies and Mums in Ethiopia.

All are welcome to come and join in the Wednesday afternoon meetings. For more information please contact Alison Swift on 07982679926.

SOCIAL ART GROUP

The Barton Mills Art Club continues to meet each Friday in the Church Room from 7pm to around 9pm. We are a small group just trying our hand at drawing and painting using different media. It is a low-key and sociable evening and new members, even those new to the Art world, will be very welcome. If this would be of interest or you would like some more information, just give me a ring: Glenda Berrett 01638-717925

BOOK CLUB

For our July meeting we had all read Miriam Margolyes' autobiography 'This Much is True.' Opinions on the book and the author ranged from those who did not like either, to those, who, though finding some of the text unpleasant, felt that the author expressed some quite deep philosophy and had had an interesting life as an actor. This led on to a wide discussion on some religions and the events and effects of WW2, and present day conflicts.

On a lighter note, we talked about present day happenings and the best ways to acquire and read books!

The next meetings will be on Thursday, 14th August and Thursday, 11th September, 7pm in the church room.

New members of the Club will be very welcome. For more information please contact Frances Lewis 01638 713155

BARTON MILLS FOORBALL CLUB
