Dear Readers,

Welcome to the November edition of the Barton Miller. November is a time for Remembering, especially on Remembrance Sunday, 8th November, when, at our Village Ceremony, starting at 10.45am by the Peace Garden by the Village Hall, we pay tribute to those from Barton Mills and all who have fallen in war. Probably all of us have people, maybe family or friends, no longer with us, who we especially remember at this time, even if they have no direct connection with any war times. We give thanks for the love and friendship that we have shared.

Our Parish Council invites everyone into the Village Hall after the ceremony, where warming refreshments will be served.

The December edition of The Barton Miller covers December and January (the Barton Miller Team don't work over Christmas!), so please think ahead and send your articles for the two months, by Friday 20th November. Even if you are not a regular contributor, why not write a piece and send it in – new contributors are always welcome.

With best wishes from the Editors, Frances Lewis and Nancy Higgins.

Vicar's Letter

Why remembrance?

As I write this, Pete Hesgeth, the US Secretary of War, has been in the news for implying that the only military personnel active in Afghanistan were from the US.

When I heard of this, I immediately thought of Tori, who was my curate (apprentice-Vicar) in the parishes in Norfolk I moved from to come here to Barton Mills. Before training to be a Vicar, Tori was a Weapons Technician in the RAF and served in Afghanistan as did her husband who also served in the RAF.

As someone who was training Tori to lead services, including Remembrance Sunday, I was very aware that it meant something different to her and her husband than it does for me. The poppy she wears has a personal component that it just can't do for me, because she experienced conflict and lost friends to it and I have not.

At the edge of the Remembrance Sunday service in the largest of my previous parishes there were always a few on the edges, the veterans in their berets– especially those who were younger and who had obviously served in Iraq or Afghanistan. Although their names weren't on the memorial it was obvious that for them, like Tori, there was a personal dimension and that they came with memories, and often injuries, to the commemoration.

As the generation of those who served in WW2 passes away, why do we continue to hold Remembrance Sunday services?

First, it is for people like Tori, her husband, and those veterans who linger on the edges. They may not be in our village here, but for just a few minutes once a year we acknowledge them and their service.

Second, although it would be good to live in a world without war, that's not the world we live in. And although it would be good if we learnt the lessons of conflicts past in order to avoid conflict in the future, that's not the world we live in either. The act of remembrance is an opportunity to refuse to be blasé about war, to recognise its cost to those who are called to serve, and to resolve and pray to work for a world where we don't have to send men and women into conflict.

So come and join us at the Peace Garden for our Act of Remembrance at 10:45 as we do just that.

NOVEMBER 2026 DAVIES CHARITY

Dear villagers,
You may be aware that the **Davies Charity** is a long-standing charity in our village. (Established by Revd. James Davies 300 years ago!)
In recent years, the Charity has made monetary donations to those who are 70 years of age, have lived in the village for at least 5 years and apply to the Trust at Christmas.
Last year, the Trustees took the first steps to widening the scope of the existing applications, asking for personal nominations to be made for those who may be in need, but not meeting the criteria of the past.
This year, the Trustees wish to expand this further and return to the original remit of the charity – as a hardship fund for those within our immediate community, irrespective of age.
It is not the intention of the Trustees to remove any person who meets the existing criteria from receiving support from the Charity, but in past years, a number of people have voiced that the money could be used for those needier, and some have even returned the donation they received. Others have asked if they might support needs in the village through donation, but do not always know the best way to do this.
In the longer term, the Trusties wish to consider ways that support can be given to those in need and not necessarily only at Christmas,
With this in mind, we are approaching everyone in the village to consider those who might benefit from a small monetary donation this Christmas.
If you are already on the list to receive money, this will continue. However, if you would rather be removed from the list and offer your donation back to the charity to help support others in need, please just let us know.
Please get in contact to:

Nominate someone you consider would benefit from the hardship fund (this can be done confidentially)
Ask to be added to the list
Ask to be removed from the list

You can email Jennifer.cockett@gmail.com or drop a note through the door of 15 Church Lane.

Please reply by 1st December.

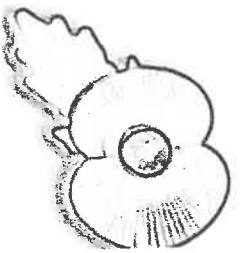

Remembrance Sunday at The Village Peace Garden

Sunday 8th November – 10.45am

As the Nation comes together to remember and honour those men and women who gave their lives so that we may live in peace and freedom, we in Barton Mills meet before the Peace Garden outside the Village Hall to give our thanks to those past villagers whose names appear on the memorials within St. Mary's Church, who fought, died and for some have no known burial plot.

BARTON MILLS BAPTIST CHURCH

"Remember, Remember" the 5th, 11th and the **25th November"**. I am sure we all have different memories of these dates; the children for the 5th when we celebrate with fireworks, the 11th for all those men and women who sacrificed their lives for our freedom in world wars and subsequent conflicts, and finally the **26th,** with our American friends, to **give thanks** for **everything the Lord has provided us**!

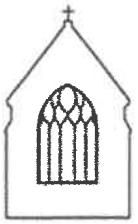

When things are going well we can easily become preoccupied with what we own, **we become tied to so many nonessential, unimportant things.** We tend to grow overly concerned about cars, houses, furniture, appliances, clothes and countless trappings of modern life. We must try to recall again that **life itself** is enough reason to **remember to thank God and praise Him for all His goodness to us.** The apostle Paul wrote about **thanksgiving** more often than any other New Testament author, **23 times**. As we pause to **thank God for every way He has blessed us, it's good to remember that our greatest treasure is His unfailing love.** Too often **our thankfulness** ebbs and flows with our health or financial security. We **equate God's blessing** with freedom from pain and sorrow, but **through faith and experience** we learn that **God's great love for us expressed in Jesus Christ can calm our hearts and minds even in the most taxing situations.**

Four times in Psalm 107 we read, **"Oh that men would give thanks to the Lord for His goodness, and for His wonderful works to the children of men."** Even when life seems overwhelming, we can cry out to the Lord and find His deliverance from our distress. It is not health or wealth, but **God's unfailing love that sets us free in every circumstance of life. Let us not lose sight of God's goodness, the source of all our blessings!**

We warmly invite you to the Baptist Chapel in Barton Mills Street: Sundays a 3 p.m.

Also we are willing to visit you to discuss Spiritual Questions or Pray with you, 01638 713892, sweetarrpeace@yahoo.co.uk

Reviewing our first year as The Friends

Looking back at the year, from last December 2025 which saw the Friends hold a Social & Introductory meeting, through to our imminent Raffle Table at the Church-run Autumn Fair, we would like to thank everyone for participating. February's Beetle Drive & Pizza was a great draw for the children of the village. You donated generously to our first Carboot Sale at Easter this April, two more Carboots in May, followed later by the last Carboot of the year. Meanwhile the super-successful Time Traders Dance night in June and the Scarecrow Retrospective August provided great enjoyment as well as funds.
October saw a sold-out, well-loved Quiz Night!
We are so grateful for all the support and for the funds you have raised to help keep our church building preserved and

Our next event will be a Social Evening to be held in late February. Please look out for details in the next edition of the Barton Miller.

Church Rooms

As announced in the previous Barton Miller the Church Rooms have been closed for fire safety reasons. We are going to have to clear the rooms of pretty much everything in it to enable it to continue to be able to be used as toilets.

Therefore, if you have anything stored in the Church Rooms **please can you remove it before the end of the year** as we are going to have to clear the Rooms and wouldn't want you to lose something precious in the process.

Contact our Church Wardens, Paul and Jenny on the details elsewhere in the Barton Miller and they will be happy to meet you at the Church Rooms so you can take your things.

Good Neighbour Scheme

We see the gold of Autumn spreading across the village as the leaves on our wealth of greenery turn that glorious colour as they die back and prepare the trees and hedges for the Winter to come and the new green life that Spring will bring next year.

However in the short term our focus turns to the pressures and pleasures that Christmas brings, whether that be financial or preparing for the joyous gathering of families to share time and festivities together. For some though this time can accentuate the loneliness that they may be feeling with our advancing years and sometimes distance from family members.

The Good Neighbour Scheme exists not only to help tackle those small jobs that are needed to ease living on one's own but also to provide friendship through befriending, calling in for a chat and collecting shopping or prescriptions, as required. It can of course be the same for couples isolated from family and friends for whom those same befriending volunteers can be a lifeline to providing support.

We are making the preparations for our annual **Christmas Coffee Morning** in the **Village Hall**, and we hope that you will be able to come along for **free** teas, coffees and cakes on **Saturday 5th December from 10.00am until 12.00 noon.** This is a splendid opportunity for villagers to meet up and socialise. For those who might have difficulty getting to the Village Hall we can arrange to collect you by car and take you home afterwards.

I would like to remind readers that our services, which are **free of any charge,** are designed to support villagers across the entire Parish of Barton Mills. Please remember that you can contact us on **07419 211040** to see if we can help you with your particular needs.

We should like to thank you for the support that you have given to the Scheme over the past 9½ years that it has been running whether as a donor, sponsor or service user. It is your Good Neighbour Scheme and it exists for those villagers in need of the range of help that we can give. We look forward to continuing to serve the village and parish in years to come.

Barton Mills Ladies Club

We welcomed Amanda Sutherland, once again, to tell us all about her third instalment of her very creative life.

The talk was called 'Make Do and Mend' She showed us how you could update and renew your wardrobe. She brought skirts, dresses and leisure wear that she had worked on. She removed the sleeves from cardigans that had seen better days and added them to existing tops, cut skirts into panels and put those onto another top. She made great use of men's ties to make rosettes to give a top a flourish. She did say that her husband being a builder did not need ties so his were safe. She made use of things that she had found in charity shops and rarely came away without something to make use of.

She brought with her things that she had made for us to buy. There were felt hats , scarves, she worked alongside the Reynaud Society and produced a fingerless mitten that they gave their approval to. In her other visits to us several of us bought pairs of these mittens. There were beautiful brooches made from cans, she never wasted anything believing that everything could be re-purposed.

A truly amazing woman.

Our next meeting is on Tuesday, 10th November at 2 p.m. In the Village Hall and Mike Wabe is going to tell us about 'Christmas around the World'

New Feature

Gardening club notes

In praise of bulbs It is not too late to be buying and planting bulbs in your garden. Look around for the bargains in super-stores and the more specialist suppliers with the latest bulbs from Holland. Perhaps now is the time to try bulb lasagne. Take a large pot and fill quarter with compost and then layer up your small bulbs from the tallest at the bottom, to the small ones at the top. Just an inch of compost between each layer is sufficient. Go for variety and be generous. Fill to within 4 inches from the top and finish off with primroses and pansies or violas. They make great Christmas presents which keep coming again and again.

Dahlias: Our dahlias have suffered trauma this Summer and they looked as if they would not perform but they have come back with a vengeance, now flowering their hearts off. With the milder Winters perhaps you should consider leaving them in the flower bed. If you want to do that cut back hard and then mulch well with at least 4 inches of compost.

NATURE NOTES November

Small is beautiful!

A couple of weeks ago we visited Natural Surroundings, which is a wildflower nursery on the Bayfield Estate at Glandford, Norfolk. This is a lovely spot to visit with gardens and a café plus a large selection of native plants for sale. One of the most interesting features there is a small building containing some large glass cabinets which are home to several families of Harvest mice. These are being bred for release into the wild.

The Harvest mouse *Micromys minutus* is our smallest rodent and is largely nocturnal so being able to observe them at close quarters in a cabinet is a real bonus. At 5-7cm long with a tail of equal length they weigh just 6-11g. They have a prehensile tail which they use as a fifth limb, so it is fascinating to watch them clambering around plant stems.

The breeding season runs from spring to autumn so there is time for between 3 and 6 litters, each comprising 4-8 young. The nest, attached to plant stems, is a tennis ball sized sphere largely woven from grasses; these are used for breeding, but winter nests are also built.

Once common, like most of our native wildlife, the Harvest mouse has suffered a huge decline in recent years largely due to changes in agricultural practices. However, they are still to be found in bramble patches and grassy hedgerows. Wildflower meadows that are managed for wildlife are also good places to see them, but you will probably need a torch!

Our smallest land mammal is the Pygmy shrew *Sorex minutus* which is even smaller than the Harvest mouse at 4-6cm and 3-7g. Due to its very high metabolism it must feed constantly just to remain alive. It can be found in woodland edge, hedgerows, meadows, heathland and moors. It is active both day and night so there is a good chance of finding one.

The Common pipistrelle bat *Pipistrellus pipistrellus* is also a mammal of course but doesn't quite make it for the title of smallest mammal. With a wingspan of 18-24cm it weighs just 3.5-8.5g.

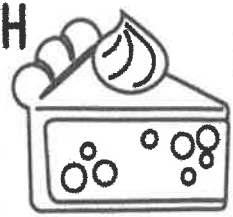

Most small land mammals only live for between 12 and 18 months. The Pipistrelle, on the other hand, average 4-5 years with some even recorded as 16 years old.
Being a small land mammal is not all fun and games! As well as having to cope with adverse weather conditions and various diseases, these small creatures are a food supply for birds of prey, Foxes, Stoats and Weasels and even grass snakes. Although they are prolific breeders, small mammals must produce young each year to maintain their population levels.

Moving to my favourite subject, birds, we are now seeing autumn migration taking place. Redwings have arrived in large numbers, and they will be closely followed by Fieldfares. These 'winter thrushes' breed in Northern Europe and Russia but are forced to move south to find food. Other common British birds which we usually regard as resident can also arrive as winter migrants. On 19th October, a large fall of Robins was observed at Landguard Bird Observatory, Felixstowe. These birds will have just flown across the North Sea from Northern Europe or Scandinavia. In autumn 1995 I witnessed a huge movement of Robins through the Ottenby Bird Observatory area in south-east Sweden on their way south. The smallest migrant to undertake this hazardous journey is the Goldcrest. Weighing around five grammes, huge numbers cross the North Sea in autumn; thousands of them can be seen arriving on the north-east coast of Britain during October. This is a risk birds are prepared to take as they are unable to survive the extremely cold winter temperatures farther north.

Ken Venus.

Stir-up Sunday 2026 is on Sunday 22 November.

It is the last Sunday before Advent and, by long tradition, the day families make their Christmas puddings together, with everyone taking a turn with the spoon and making a silent wish.

Do you have this tradition in your household?

From the book of Common Prayer

'Stir up, we beseech thee, O Lord, the wills of thy faithful people; that they, plenteously bringing forth the fruit of good works, may of thee be plenteously rewarded; through Jesus Christ our Lord. Amen.'

CLUB NEWS

KNIT and NATTER GROUP

Our Knit and Natter group was approached by the Vicar in June to see whether we could knit a set of large nativity figures, for children's services at Christmas ... A bit of a daunting task, in what seemed like a short time frame. Three of us took on the task, Dorothy Lydford, Lynn Eklington and myself, Ali Swift. We decided that the figures should be knitted but knitting the clothes would take too much time, so we could make them, mostly from material given to us from Glenda. Dorothy undertook knitting the seven figures and Lynn and I would make the clothes. Dorothy surpassed herself by knitting sheep and even a donkey and so by September we had completed and dressed all the figures, in good time for Christmas! Thank you, Mark, for asking us to do the project, it's lovely that we have been involved with something for the village .....

We meet every Wednesday afternoon from 2 to 4pm, and, at the moment, our meetings are being held in the Church. New members are always welcome - come for the 'Natter' even if you don't knit.

BOOK CLUB

When the Book Club met on Thursday 8th October, we discussed 'The Lightkeeper's Daughters' by Jean E. Pendziwol. This is a complex story of relationships in a family who live on an island in Lake Eyrie and care for the lighthouse that warns ships of the dangers of the rocky coast. There is a final unexpected twist in the last chapter. Our next meeting, on Thursday 12th November, will be at 23 The Street, starting at 7pm, when we shall be talking about the book 'Offshore' by Penelope Fitzgerald. New members are always welcome.
