Cable Works

Burwell to Lakenheath Area Electricity Reinforcement scheme

As you may be aware, UK Power Networks are responsible for delivering the electricity to your local area and are in the process of installing approximately 25km of high voltage electricity cables as part of a reinforcement scheme between Burwell and Brandon Road, Lakenheath.

The second section of our closures will be completed on Friday 24th May. The final closure will commence after the Bank Holiday weekend and all works should be completed by the end of June 2019.

The closure will be between The Street, Worlington at the junction with Isleham Road and the River Lark Bridge in Mildenhall. Diversion will be signed. Access will be given to residents and businesses only.

Thank you for your continued patience and support during our works. We are doing everything possible to minimise any disruption during this work and apologise for any inconvenience caused.

If you would like any more information please do not hesitate to contact Valeria Colebrooke on 07827 239086. Additionally, you can contact our customer care team on **0800 028 4587** or care@ukpowernetworks.co.uk.

Yours Sincerely

Jonathan Ratsey
UK Power Networks Project Manager
